# 2009 COMPANY PRODUCTION AWARDS

Kevin Levent

## FROM THE PRESIDENT

Despite the most challenging real estate market in our lifetime, our company continues to be a market leader and in the national spotlight. Our sales associates are winning new business daily because of their commitment to excellence, embracement of change, and their client focused attitude. We took a huge step into the future in December by creating a long term relationship with Better Homes and Gardens Real Estate and Coldwell Banker Commercial, enabling our associates to leverage two huge brands with their own brands to establish new opportunities for personal growth and income. The sales associates featured within are the best of the best, and I wish them continued success in the future. Congratulations to all!
